503 STUDENT ATTENDANCE

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

- A. The education district board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the education district in the event of a student absence, and to work cooperatively with the education district and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures

governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the education district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the education district board from attendance because the student has already completed state and school standards required to graduate from high education, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the education district board for review and approval. When approved by the education district board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to the education district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to any member of the board, a truant officer, a principal, or the executive director. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.
- b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school.

c. The board of the district in which the child resides may approve the application under subparagraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.

d. Legitimate Exceptions

The following reasons shall be sufficient to constitute excused absences:

- (1) that the child's physical or mental health is such as to prevent attendance at the school or application to study for the period required, which includes:
 - a. child illness, medical, dental, orthodontic, or counseling appointments; including appointments conducted through telehealth;
 - b. family emergencies;
 - c. the death or serious illness or funeral of an immediate family member;
 - d. active duty in any military branch of the United States;
 - e. the child has a condition that requires ongoing treatment for a mental health diagnosis; or
 - f. other exemptions included in this attendance policy.
- (2). that the child has already completed state and district standards required for graduation from high school; or
- (3). that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding in the aggregate three hours in any week, instruction conducted by a Tribal spiritual or cultural advisor, or a school for religious instruction conducted and maintained by a church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause .

[Note: In 2024, the Minnesota legislature amended Minnesota Statutes, section 102A.22, subdivision 12. The legitimate exceptions set forth above quote this statute. Minnesota law provides that the education district board may include other exemptions in the education district's attendance policy. See Minn. Stat. § 120A.22, Subd. 12. When considering whether to add other exemptions, school district boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within 2 days from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building administrator or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

- a. The following are examples of absences which will not be excused:
- (1) Truancy. An absence by a student which was not approved by the parent and/or the education district.

 - (3) Work at home.

 - (5) Vacations with family.
 - (6) Personal trips to school or colleges.

- (7) Absences resulting from cumulated unexcused tardies (5 tardies equal one unexcused absence).
- (8) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.
- (2) Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.
2. Procedures for Reporting Tardiness
 - a. Students tardy at the start of school must report to the education district office for an admission slip.
 - b. Tardiness between periods will be handled by the teacher.
3. Excused Tardiness

- b. 5 unexcused tardies are equivalent to one unexcused absence.

D. Participation in Extracurricular Activities and Education District-Sponsored On-the-Job Training Programs

- 1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any education district-sponsored on-the-job training programs.
- 2. School-initiated absences will be accepted and participation permitted.
- 3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
- 4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5. If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the education district to accommodate any student who wishes to be excused for a curricular activity for a religious observance. Requests for accommodations should be directed to the building principal.
